Game Developer

EXPERIENCES

CACTUS TECHNOLOGIES

GAME DEVELOPER

November 2021 - Current

- Took an active role in game development cycles. Presented ideas for prototypes, prepared game design documents for them and developed them by myself and together with my team.
- Designed levels for previously developed games.
- Conducted code reviews for interns and peer reviews for team mates.

DÖKTAŞ

IT INTERN

July 2021 - August 2021

- Took an part in local network setup, installed new tools and software for my team mates and troubleshooted software and hardware issues.

EDUCATION

Manisa Celal Bayar University

COMPUTER SCIENCE AND ENGINEERING

GPA: 3.37/4

Expected graduation date. June 2022

VOLUNTARY WORK

As a group we did presentations on software development for elementary school children. We covered subjects such as history of computers and did interactive lessons with Scratch.
